# AB705 UPDATE
COLLEGE COUNCIL
2/25/22

JENNIFER JETT & TRACIE GRIMES

AB 705 REVIEW

- Became law in January 2018

- Implemented in phases, targeting improving student throughput in English, EMLS and Math courses based on high school GPA data

- Based on state and local data, students have higher throughput success if enrolled directly into transfer level English and Math

- AB 705 Taskforce & Faculty collaborated on best implementation strategies and began phasing out pre-transfer level courses

- Created co-requisite laboratory enhanced courses (ENGL B1AL, MATH B1AL, MATH B22L)

- Moving toward full implementation by Fall 2022

- English & Math Validation of Practices and Improvement Plan Due to CCCCO mid-March 2022
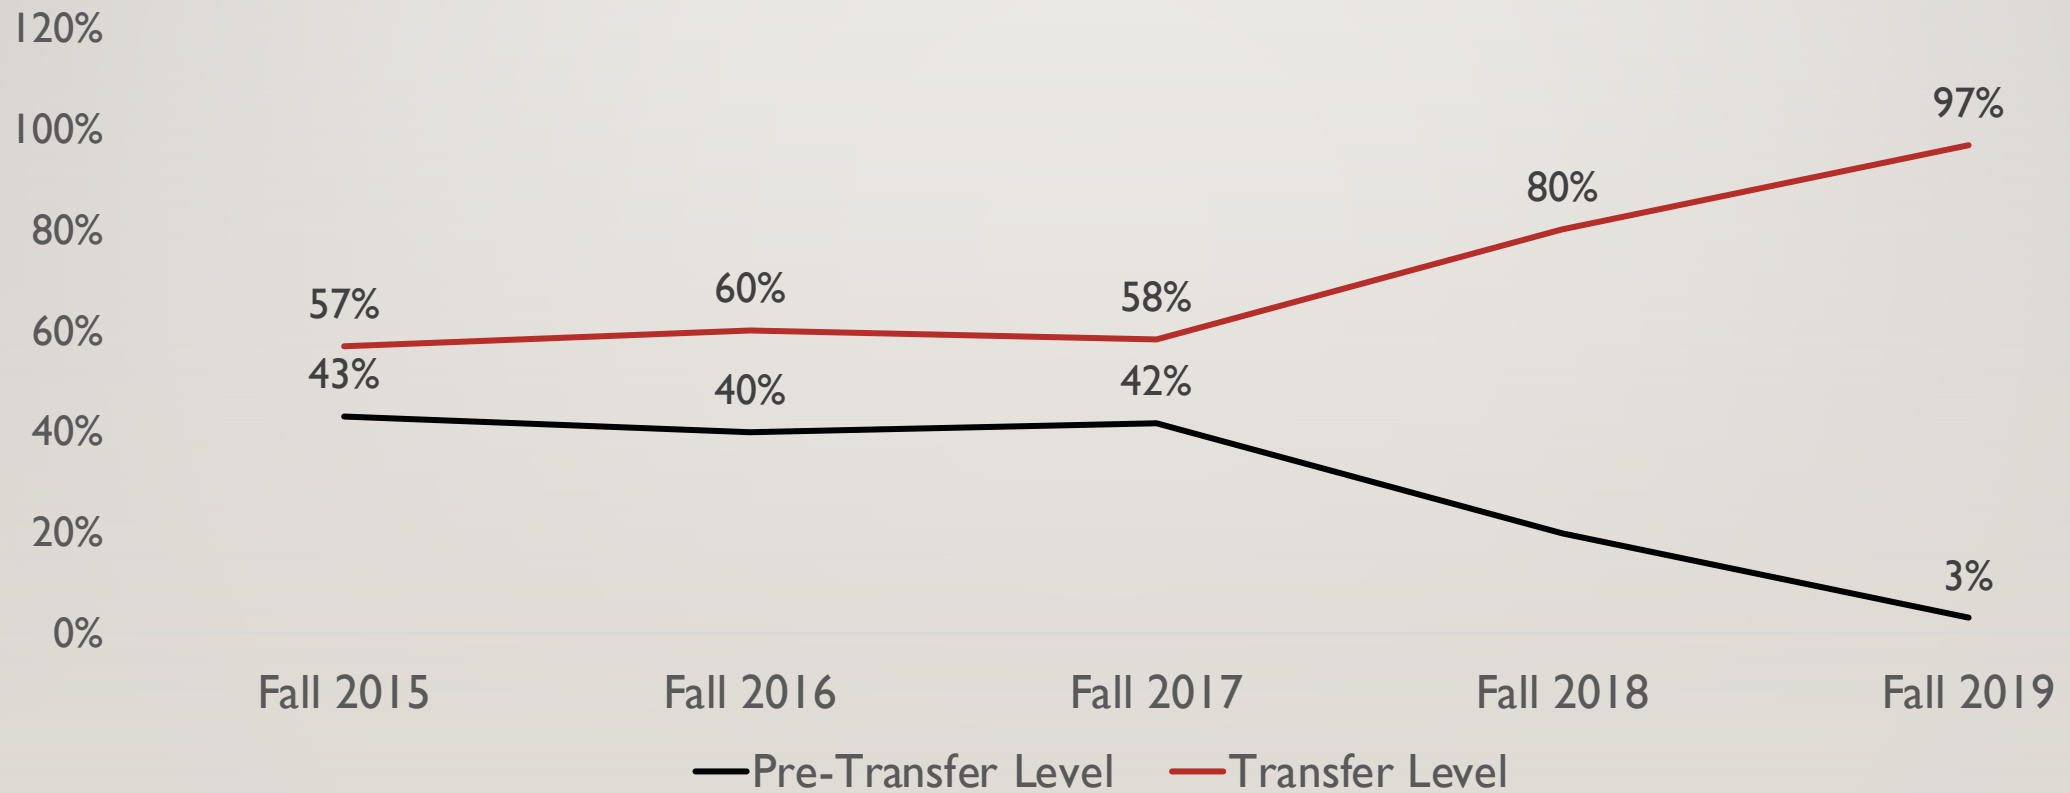

TRANSFER-LEVEL AND PRE-TRANSFER ENGLISH WRITING

97% of English Writing Sections at Transfer-level as of Fall 2019

	Fall 2015	Fall 2016	Fall 2017	Fall 2018	Fall 2019
Transfer Level	57%	60%	58%	80%	97%
Pre-Transfer Level	43%	40%	42%		3%

—— Pre-Transfer Level —— Transfer Level

MATH & ENGLISH

- Increasing "just-in-time" support with laboratory enhanced transfer level courses

- Math & English Success Advisory Team

- Boot-camp style NC support courses

- Embedded support in transfer level courses (WC model)

- Increased sections of transfer level and transfer level with support courses

MATH

- Math Learning Center: new non-credit support course MATH B71NC

- STEM Study Group Leaders

- MESA online tutoring

- Peer Tutoring Center

- Student Success Lab (open entry NC Plato modules)

- TECM B52 and MATH B72 will be modified as transfer-level

ENGLISH

- Writing Center / Embedded Support

- Faculty led B1AL Community of Practice workshop

- Peer Tutoring Center

- Student Success Lab (open entry NC Plato modules)

- ENGL B99NC "On-Demand/Just-In Time" Rolling English Boot-camp

ENGLISH ROLLING BOOTCAMPS (ENGL B99NC)

- Faculty Leads will create Canvas content modules, advertise to students, provide support to faculty

- Community of Practice Workshops for faculty to share best practices

- Faculty can create tailored boot-camp content or build from content modules

- One week intensive courses scheduled, as needed, on different topics, throughout semester based on student need

- Example Boot-camps: Outlining, Works Cited, Grammar, MLA Format, etc.

- Will be piloted in spring & summer with full implementation in Fall 2022

THANK YOU!
