

ACADEMIC SENATE for California Community Colleges

LEADERSHIP • EMPOWERMENT • VOICE

Sacramento, CA - February 9, 2023, Academic Senate for California Community Colleges President Ginni May issued the following statement on the approval of the California General Education Transfer Curriculum (Cal-GETC) framework by the Intersegmental Committee of the Academic Senates (ICAS):

“As ASCCC President and current Chair of ICAS, I want to thank my colleagues at the CSU and UC for their considerable time and energy in this process. The Cal-GETC framework is the result of countless hours of discussion and robust debate about how we can best serve our students across all three segments of higher education. While there is still work to be done—ensuring equitable access to courses and programs, including lifelong learning and self-development for all California community college students, and promoting meaningful student outcomes—it is important to recognize this milestone and all the effort behind it.”

Through [AB 928](#) (Berman, 2021), the [Intersegmental Committee of the Academic Senates](#) (ICAS) was directed to establish a “singular lower division general education transfer pathway” to determine transfer eligibility to both the California State University (CSU) and University of California (UC) systems. On February 1, 2023, ICAS acted to establish the California General Education Transfer Curriculum (Cal-GETC) framework.

The Cal-GETC framework is included in the full statement from ICAS, which is attached as a PDF to this email and may also be [accessed online on the Academic Senate for California Community Colleges \(ASCCC\) website](#).
