

### **Accessibility Plan Updates**

- Thank you to all who sent emails detailing their accessibility work. Time spent ranged widely, from people completing all shells and documents within 5 hours to people having put in 50 hours and still working. Faculty also shared numerous frustrations with the program itself.
- The VPI sent out an updated plan via email on 10/29.
  - New due date: January 18, 2025 (day instruction begins on the academic calendar)
  - If your materials are accessible despite not reaching a UDOIT 100%, explain the situation to your dean.
- Remember that Academic Technology faculty may not be available over the break, so if you need their help, it would be best to do so before the end of the semester.
- If faculty members have materials that are still extremely difficult to make accessible, please let your BC CCA Chair (Ann Tatum) know.

### **Contract Conversations**

- We had two excellent discussions about department rights, scheduling, and class sizes. Attendees included faculty, classified, and management. An email providing highlights of those discussions will be sent to faculty next week (hopefully).
- November Contract Conversations will focus on contractual language regarding progressive corrective action, faculty dispute resolution, and faculty expectations (“faculty shall”):
  - Tuesday, November 12, from 4:00-5:30 in CC 233
  - Friday, November 15, from 10:30-12:30 in CC 233

### **Speaking of Class Sizes . . .**

If your department still has any class size maximums set at 64, 84, 100, or 105, please let your BC CCA Chair know. Thank you!

**Reminders:**
