

# Vice President's Report to Academic Senate

November 13, 2024

## Announcements:

- Senate officers (Pres, VP, delegate) attended ASCCC Fall Plenary this past weekend. Here is a list of sessions I have updates for:
  - Academic Renewal
    - Inequities across colleges
    - Resolution 105.01 was passed which encourages local/district senates to re-evaluate
  - CID, TMC, alignment
    - C-ID approval for previously approved courses will carry over to CCN aligned version of same course.
    - We should compare CCN template against C-ID COR and add any differences to Part II
    - DO NOT REMOVE content. They emphasized this part.
  - Budget Development session
    - Money received from the state for 24-25 has been “benched” and will be our new base compared to 2018-19
    - We will not receive COLA for next year if we do not meet growth
    - Budget planning (with faculty input) should precede budget development

Respectfully submitted,

Rebecka Zepeda

Academic Senate Vice President
