

We want to hear from you!

SHARE YOUR COLLEGE EXPERIENCE

Have you struggled with paying for college, meeting your basic needs, navigating the grievance process, or overcoming other hardships while in college? SSCCC wants to hear about your experience.

We are collecting stories from current community college students to show legislators and system partners the everyday challenges students face and how to address them. If you consent, we may also share your story on our social media channels.

\$25 Amazon gift cards will be randomly awarded to contributors
