Subject: Nomination for Director of Public Relations

I nominate Champagne Conception for the position of Director of Public Relations. Champagne has been a senator since the transition day as well as maintaining a well preserved relationship with Student Government by upholding the standards as a senator. Her perseverance and commitment to Student Government has been of the utmost importance to the association as well as her full devotion to the events and the committees that she has served during her time as senator. Social media is something that she is passionate about as well as ensuring to pursue more opportunities that will allow her to grow as a student and an individual.

To the Senate Body, please consider my nomination of Champagne Conception to the position of Public Relations.
