

Student Government Association

Panorama Main Campus

1801 Panorama Drive

Bakersfield, CA 93305

(661) 395-4011

Dear SGA,

I am writing to formally apply for the position as Director of Public Relations. With the previous experience as a senator, I was able to grasp the aspect of being a part of student government.

I am applying for this position because it falls under the category of my interests. I served in student government in high school but was unsure of the differences of the responsibilities of association at the college level, so I initially started off with a small role. Being part of SGA as a senator allowed me to get experience and learn from each member and I will be able to transition to a bigger role within the association.

I have knowledge of editing software from my mentioned experience of serving as the publicists. In this position, I posted for my school's Instagram and created posters for advertising a school activity. With these experiences in hand, I believe I will be able to succeed in this position.

Best Regards,

Champagne Concepcion
