EXPERIENCE – SERVICE – INTEGRITY

Bakersfield College PSC Kick Off meeting: Monday July 8, 2024

Purpose & Function

Purpose

The Police and Campus Safety Advisory Committee is the primary advisory group that promotes effective communication and collaboration between constituent groups and Police and Campus Safety to maintain a positive campus relationship about public safety issues. The goals of this Committee include:

Establishing and supporting guidelines for effective community-oriented campus safety that is reflective of BC's campus culture.

Assisting the Police (if created) and Campus Safety Department with campus campaigns on emerging issues related to campus community, safety, and security.

Making recommendations regarding ongoing training for campus constituents on managing campus safety concerns.

Reviewing and making recommendations regarding the Police (if created) and Campus Safety policies, procedures, incidents, and training.

Function

Integrate campus policy issues with Police (if created) and Campus Safety operations.

Review Police (if created) and Campus Safety incidents such as use of force or complaints and identify policy and/or procedure changes.

Review and make recommendations regarding Board Policies and Administrative Procedures related to campus safety and security.

Conduct surveys of the campus climate regarding Police (if created) and Campus Safety.

Review the Facilities Master Plan for safety and security issues and needs.

Consult with the Behavior and Wellness team regarding threat assessments.

Advise on the transition to a POST certified police/security department (if created).

Here are the ten main questions a health and safety committee should answer in their meetings:

1. Is everyone working as safely and efficiently as possible?
2. What are your current safety and regulatory risks?
3. Are all members of the organization, including the managers, represented in program decisions?
4. Are all aspects of the program/department functioning as intended?
5. Are there any gaps in the program, and what program improvements are needed?
6. How soon will the changes be made?
7. Who is responsible for coordinating changes?
8. What are the improvement costs?
9. How high is the ROI on the improved safety program?
10. What is the schedule for future inspections and audits?

FAQs

1. What kind of on-campus support and safety services are available for students?
2. How do you communicate with students in an emergency?
3. Do you have a threat assessment team ?
4. How do you manage drug and alcohol use and abuse?
5. How do you manage hazing?
6. Who is the best point of contact if anyone feels unsafe on campus?
7. What is the relationship between Campus Safety and local police?
