Hello, I am requesting a refund because the BCSGA Student services does not benefit me. I do not need 10 free copies or prints because I can't go on campus. I do not need 10 scantrons because I am taking online classes due to Covid-19. I do not attend football games so the 2 tickets for the home footballs games are not beneficial to me. I do not need 2 faxes per semester. I also do not need a bonus pantry item because I am currently not on campus for classes. All these things I mentioned are very beneficial to those who need those things or attend home football games. In my case this is not worth it and requesting a refund.
