I was not aware of this charge when I registered for classes. I recently applied for financial aid and waiting for funding. I am registering for late-start courses. I currently have limited income. I am taking online classes as I live in a rural area. I don't believe I will be using some of these resources for this semester. I am requesting that the charges of \$15.00 to be removed from my account. I would appreciate assistance with this matter. If you need additional information from me, please call me at the phone listed in Banner. Thank you for your time and consideration,
