NOTE: Transfer and acceptance of CLEP credit by another college or university is determined by their re-evaluation and acceptance in accordance to their current policies.

An official CLEP score report must be sent to the Office of Admissions and Records for a determination of CLEP credit.

When a CLEP exam exists that has been approved by the appropriate dean for credit as a specific course or courses in the current college catalog, department administered challenge exams will not be used to award credit in that specific course. The list above describes courses for which CLEP has been approved.
