1	The advancement of the Renegade Promise has been paramount to the way our college is choosing to focus on student success. The work that Clayton Fowler and Lesley Bonds have contributed to this has been invaluable. The discussions and work surrounding this initiative have had a significant trickle down effect that touches all parts of the college and that has invigorated other areas like Institutional Effectiveness and the recent focus on the "pathways approach," etc. Great contributions!	5/17/2016 9:24 AM
2	Continue to review and research the no-smoking campus until it was able to be passed. This no-smoking policy would lead to a more healthy lifestyle for everyone, both the smoker and the non smoker who is faced with second hand smoke and the health issues that may cause. I look forward to that policy coming into affect for a healthier future for all.	5/17/2016 9:12 AM
3	We have had many accomplishments. The fact that we were able to hire additional staff, we were able to reconfigure the org charts to ensure everyone's position is equitable, closing the loop document, our success rates.	5/17/2016 9:09 AM

8	More detailed and broad discussions covering key topics	5/8/2016 8:55 PM
9	College Council has become a viable committee on campus where all constituent groups get to hear, discuss and make recommendations to the president. But overall the Strategic Directions work has been the most significant work of the college.	5/8/2016 5:23 PM
