BAKERSFIELD COLLEGE | SouthWest

In response to persistent community requests for more courses in the southwest, Bakersfield College has now expanded our course offerings in the SouthWest. Located on Stockdale Hwy in 93311, this location is an alternative option for students who can't make it all the way to the Panorama campus for morning, afternoon, evening, and weekend classes.

Last week, our Outreach team held an express enrollment event to help students in the southwest become familiar with the location and register for late-start courses. With this SouthWest location, a degree is closer to home for our Southwest students.

Sydney Bound with your Support

BC's Chamber Singers are headed to perform in the Sydney Opera House with the support from many in our community. From touring Europe in 1965 and again to Rome in 2015, the BC Chamber Singers are bringing BC's talent to incredible spaces.

The final benefit concerts are scheduled to take place March 10th with both a matinee and evening show. Both shows will feature performances by Monty Byrom and Lydia Ranger.

Thank you to Trustee Kyle Carter, for the support to make the final benefit concert happen.

Finding The Lost Hills

Bakersfield College continues its commitment to serve neighboring rural communities by providing local access to higher education.

Recently, The Wonderful Company extended an invitation to engage in discussion and planning about making local higher education a reality for the residents of Lost Hills.

Thank you to Trustee Romeo Agbalog and Lynda Resnick for joining the leadership from BC, and leadership from Wonderful Education and The Wonderful Company.

Keeping Arvin Connected with Community Updates

"We know how much education can affect a family," said Abel Guzman, BC Director of Rural Initiatives. "Imagine how much a college can affect a city."

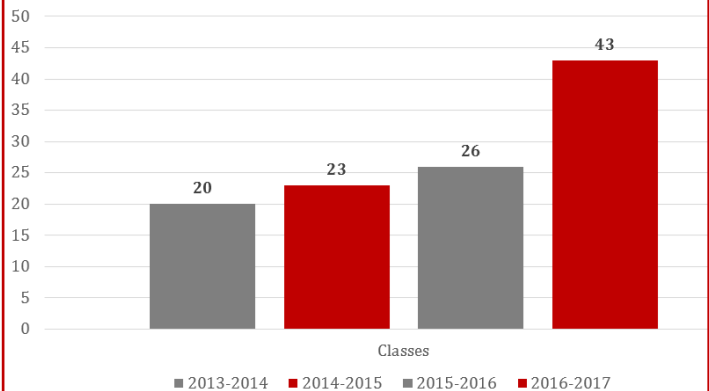

Earlier this week, a team from BC, together with Arvin Mayor Jose Gurrola shared details and plans for the BC center in Arvin. It's an exciting time for Bakersfield College and an exciting time for KCCD. Together, we are bringing college closer to home.
