

Accreditation Task Force Report for College Council meeting of 04/06/2018.

Prepared by: Jason Stratton

Our committee core team meeting yesterday was fruitful in identifying elements of the presentation cycles that need to be addressed, but we acknowledged that the Accreditation Sherpas of this semester have been the editing team.

Thanks to the work of Nick Strobel, Sondra Keckley, Lesley Bonds, Sarah Baron, everyone else involved in the editing process, and everyone involved in the Data side or the graphics design side, we are nearing the finish line on completion of the ISER. Nick, Bill Moseley and Jessica Wojtysiak helped out dramatically as well in picking up some of the slack in IV.A rough drafts- thank you.

Nick is making the presentation of his work on Standards IVA, IVB and IVD. He has generously hosted the data on an external website, due to the time crunch in making this available:

See <http://www2.bakersfieldcollege.edu/nstrobel/accreditation2018/iser2018drafts.html> .

We are still moving forward to a planned 'reveal' of the finished document at the April 20th College Council meeting. The only issue for discussion at this time is what the nature of the 'reveal' will be- as we realized we needed to fine-tune our presentation as we receive more feedback before implementing that plan.

Important dates to note on the BOT subcommittee timeline are:

- April 12, 2018 BOT Review of Standards II and III Drafts
- May 3, 2018 BOT Review of Standard IV Drafts (with detailed presentations on IV.C and IV.D)
- June 14, 2018 BOT First Reading of Final college ISERs
- July 12, 2018 BOT Second Reading and Approval of Final college ISERs

On April 20, 2018 the ISER and QFE reveal will take place at the Delano Campus.

- It will be streamed/ zoomed to the Panorama Campus in L149 and L147. [Subject to modification]

Thank you,

Dean Liz Rozell

Prof. Jason Stratton.
