What is Bridge to BC?

The First-Year Experience course is designed to help first-time and returning college students to prepare them academically, socially, and personally during their transition to college. This is achieved through collaborative activities with diverse students, staff, and faculty across campus departments to create a community of learning. Students will get information about campus resources and services and develop skills and learn strategies that are necessary to support learning and to reach their goals of certification, graduation, and/or transfer.
