

Assessment Report to the Curriculum Committee

February 4, 2022 | Faith Bradham, Faculty Co-Chair

- The Assessment Committee last met on February 4, 2022. We will be evaluating 15 courses in eLumen between then and February 11.
- We are assessing [ILO 2 \(Communicate\)](#) during Spring 2022. Please let your departments and areas know that Faith Bradham sent out an email call on Friday, Feb. 4 asking for faculty participation in this assessment! We are looking for faculty to send in examples of assessing communication in their courses (i.e., papers, reflection essays, speeches, videos, lab reports, etc.). The email contains detailed instructions on how to submit examples of communication assessment, and Faith is happy to attend any department meetings if your departments have questions about this assessment.
