Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
10/6/2022	Automotive Detailing	<p>This program is designed to teach the fundamental skills needed to meticulously detail automotive exterior and interior surfaces. It teaches proper selection, application, and use of chemicals and equipment needed to get a vehicle into front line sales status and or to perform cleaning and detailing services as a business to consumers. After successful completion of this course students should be able to start the International Detailing Association Level 1 certification process, either through more advanced course offerings or at their own will by becoming a member of the IDA.</p> <p>To achieve the Certificate of Completion: Upon completion of the following courses with a grade of 'P', the student will be awarded a Certificate of Completion.</p>	Certificate of Completion (NC)	New	108 hours	Fall 2022
10/20/2022	Pest Control Adviser Preparation	<p>The Pest Control Adviser Preparation Certificate of Achievement is designed for students preparing for, or advancing in careers in crop protection and pest control. The Pest Control Adviser Preparation program will prepare students for a wide variety of entry-level positions related to pest identification, prevention, control methods and applications of crop protection materials. Pest Control Advisers (PCAs) are licensed professional production consultants who serve California agriculture, natural resource and horticulture producers. PCAs specialize in pest management, but they are also an important resource to producers in a wide range of production concerns related to plant health. This program prepares candidates for the California State Agricultural Pest Control Adviser (PCA) License examinations and Qualified Applicator License (QAL) exams. The courses meet the minimum educational qualifications, and prepares students for exams in IPM principles, laws and regulations, pest identification, physical and biological sciences, crop health, pest management systems and methods, and production systems. In addition to completing the course work with a 2.0 grade point average or better, the California Department of Pesticide Regulation requires PCA license exam applicants to have completed 24 months of technical work experience before taking the exam. To complete the Pest Control Adviser Preparation Certificate of Achievement must complete 42 units with a "C" or better in the required classes listed on the certificate.</p>	Certificate of Achievement	New	42 units	Spring 2023

Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
10/20/2022	Police Science	The Police Sciences Associate of Arts program guides students toward careers in law enforcement and policing, the courts and the law, and state, local, and private corrections. The Program provides a seamless transition for students who wish to attain the Bachelor's Degree in Police Science. The Program also complies with the Modern Policing Degree requirements. A.B. 89 requires all Police and Sheriff's patrol officers in California to obtain a Modern Policing degree. Coursework: A minimum of 59 semester units in the major with a grade of 'C' or better while maintaining a minimum grade point average of at least 2.0 in all California State University transferable coursework.	Associate of Arts	New	60 units	Fall 2023
10/20/2022	Social-Emotional and Cognitive Development	<p>This noncredit Certificate of Completion introduces theoretical and applied aspects of social and emotional learning and culturally relevant pedagogy. This program is intended for current and future educators. The certificate of achievement courses will increase students' knowledge base and the likelihood of success when working with school-age children, adolescents, and young adults. Students completing the requirements for this certification have completed courses focused on topics including self-assessment, identity and agency, emotional and cognitive regulation, social skills, public spirit, cultural sustainability, equity, justice, and developing content for special populations. After completing this program, students will gain workplace skills relevant to various learning environments.</p> <p>To achieve the Certificate of Completion: Upon completion of the following courses with a grade of 'P,' the student will be awarded a Certificate of Completion.</p>	Certificate of Completion (NC)	New	36 hours	Fall 2022
