

Starfish Report, November 22, 2021

Grace Commiso, Starfish Student Success Lead

Starfish Announcements:

- *None at this time.*

Degree Planner:

- [DP Transfer & Course Issues Form](#): reminder is form is for you to submit issues with courses not checking off appropriate in a student's degree plan. Recent cases:
 - Student completed Area D course but it was not checking off in new CSU GE pattern. Corrected, was an issue with the GE template not the student record.
 - Student currently enrolled in Area E course but not appearing in Area E appropriately. Rebuilt plan and course appeared. **Rebuilding will sometimes correct issues but not always.**
 - Student had transfer records displaying as Summer 1998 not checking off. Updated appropriately. These cases have to be manually updated by myself or Keri. Please continue to use the form for these cases.
- *Pass Alongs*: New process, nothing new for counselors and advisors to do but once approved by AO then has to be sent to Grace and Keri to process in Starfish. This is new for us so there is a bit of delay in processing the Starfish piece at this time.
- *Pre-reqs & Co-reqs*: Julia is looking at some concerns with our pre-req file as we are seeing strange things
 - *GEOG-B1L* is displaying a co-req of *GEOG-C101*
 - *MUSC-B15B* has errors as well stating it has a co-req of *MUSC-B4C* but it actually has a co-req of *MUSC-B4B*

Progress Surveys:

- Week 12 survey went live today.
- See new Important Data Points section below for statistics progress surveys

Additional Updates:

- *Connected21 Starfish Conference*: more to come soon.
 - Exploring additional options for kiosk workflow
 - Exploring additional options for utilizing intake survey
 - Exploring additional options for utilizing success plans
 - Potential workaround for utilizing text messaging for appointment reminders

Important Data Points:

This new section can showcase some of important data points pulled from Starfish. Important to note data in Starfish is a point in time comparison. Therefore, you could filter one day and by the next day the data could be different as student accounts change (change of majors, updates, enrollments, etc.). Regardless, all data should be validated and spot checked periodically to ensure accuracy.

- *Financial Aid* (current term enrolled units greater than 2 units & not concurrent or dual enrollment)

FA Completion Success Summary		
	11/8/2021	11/22/2021
Agriculture, Nutrition, & Culinary Arts		
Students In Pathway	830	829
% of no applications	6.63%	6.88%
Arts, Humanities, & Communication		
Students In Pathway	2,076	2,065
% of no applications	8.96%	5.23%
Business		
Students In Pathway	1,680	1,679
% of no applications	6.67%	6.67%
Education		
Students In Pathway	1,297	1,291
% of no applications	5.94%	5.65%
Health Sciences		
Students In Pathway	3,411	3,398
% of no applications	4.25%	4.09%
Industrial Technology & Transportation		
Students In Pathway	1,093	1,087
% of no applications	12.81%	12.60%
Personal & Career Exploration		
Students In Pathway	471	475
% of no applications	14.65%	14.53%
Public Safety		
Students In Pathway	1,276	1,280
% of no applications	10.42%	10.23%
Social & Behavioral Sciences		
Students In Pathway	2,001	2,007
% of no applications	5.45%	5.33%
STEM		
Students In Pathway	1,807	1,796
% of no applications	5.98%	5.96%
Total Students In Pathway	15,942	15,907
Total % of no applications	7.11%	7.11%
* note high certificate obtainment, filter for student journey type = degree/transfer		
	ITT - 38/659 = 5.76%	
	PCE - 33/305 = 10.81%	
	PS - 64/894 = 7.15%	

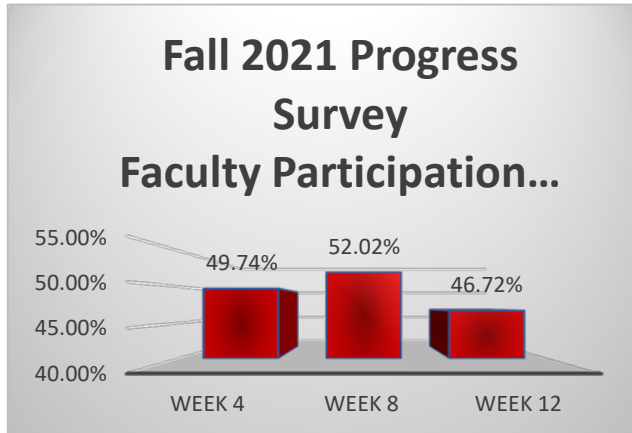

- *Enrollment* (current term enrolled units greater than 0 units & not concurrent or dual enrollment)

Not enrolled past priority registration date = assigned to student (calculates only students whose priority registration date has passed and they have not enrolled for the upcoming term)

Enrollment Summary				
	11/8/2021		11/22/2021	
		% Not Enrolled		% Not Enrolled
Agriculture, Nutrition, & Culinary Arts
