

ISIT Meeting Minutes 4/1/2013

Attendees: Todd Coston (IT), Nick Strobel (Physical Science, Co-Chair), Scott Peat (Biology), Ron Schott (Physical Sci/Geology), Greg Cluff (AG), Barbara Braid (Counseling), Manuel Fernandez (EIT), Leah Carter (CTE), Kristin Rabe (Media Services), Kirk Russell (Library), Hal Mendoza (BMIT).

Motion to pass minutes – passed and 2nd by Leah Carter

No additions to the agenda

Campus Updates: Todd – Microsoft off 2013-BMIT – Would like to pilot for fall – teaching intro in B-2 and B-11, Delano 1101 and SE 7, Library 148. Target those labs where there is an instructor station. Send e-mail to instructors teaching in those labs to let them know. 2010/2013 are moving to this software. Possibly 2/3 pods in commons too.

B.Braid – L148 – question regarding DSP&S Students and if software is compatible . Should not be issues.

Moodle Upgrade – 1.9 > 2.2 or 2.3 of moodle between now & end of the semester –existing (2 each 30 minute sessions... what has changed for moodle? Tracy is available to help . Moving content works the same way. Put out 2 sessions for faculty.

Google Apps – YouTube – Classes upload – would not have to create separate accounts – need to enable this – terms of service – turn on this feature this summer – college g-mail account – tied to it.

Google hangouts (Schott) more complex – try YouTube

Google Class – testing this summer – Barbara Braid asks about accessibility for all YouTube videos – make everything accessible - 100% or as close as we can accommodate to 100% accessibility.

After summer school – before Fall – determine what Google Apps are not enabled – Moodle Moodlefy – decisions is to go Fall 2013.

Analysis of ISIT Requests – LA 225 – Pre-Prop 30 dollars

Replace 31 machines (computers) on campus

Come up with Prioritization

2500 computers replace 1.5 every year – over a 5 year cycle. Sonya would like laptops for faculty.

Leave 19 replacements – ISIT confirms that it is okay to replace the lab in LA 225 as a priority.

Vote: Motion seconded – Barbara – All Approved. Criteria for using list – classrooms – using multiple disciplines – replacement cycle costs would be involved. Laptops not using higher. Desktops with

laptops – replacements. When giants purchase technology – technology support must get built in as well.

Recommendation #7 Accreditation report – follow up with Lisa as to survey results and process. Todd and Kristin will meet with Heidi this summer to talk about developing focus groups.

Need to determine a process for training and how that's connected to both instructional and administrative technologies.

Send out recommendation before May 6 meeting

Meeting adjourned at 3:57pm

Next session – Monday May 6th (yes, during finals) at 2:30 – 4 in Collins Conference Center for discussion on Sloan Consortium Workplan from April 8-11 conference by the Technology Advocates in Las Vegas.

Technology Advocates who attended conference: Todd Coston, Tracy Lovelace, Kristin Rabe, Bill Moseley, Jennifer Johnson, Leah Carter, Lisa Harding, Carla Gard, David Barnett and Sonya Christian.

Those who attended virtually from BC and participated with the group were: Nick Strobel, Isabel Stierle and Bernadette Towns.
